WELCOME!

We invite you to attend ISBE 2018, the next meeting of the **International Society for Behavioral Ecology**. The meeting will be held at the Convention Center in Minneapolis, Minnesota, U.S.A., from 11-16 August, 2018. We hope to have a **diverse representation** of behavioral ecologists on hand for an outstanding lineup of **invited speakers** from all over the world, as well as the usual contributed talks and poster sessions and, of course, the traditional soccer match. In addition to the fantastic science, there are lots of **reasons to attend ISBE 2018**. The city of **Minneapolis**, and its nearby sister city of **St. Paul**, create a vibrant cosmopolitan area (the "Twin Cities") with much to offer, and **"the Land of 10,000 Lakes"** (i.e., the State of Minnesota) has unmatched opportunities for outdoor activities ranging from canoeing to hiking and backpacking. Check out our **excursions and attractions page** for some ideas on things to do before, during, and after your visit. In the meantime, to receive periodic updates you can follow us on **facebook** and **twitter** using the "Follow" link above. We look forward to seeing you in the Twin Cities in August!

ISBE 2018
Minneapolis, Minnesota

March 31, 2018:

Talk Abstract Submission Closes
Early Bird Registration Ends

July 20, 2018:

Poster Abstract Submission Closes
